

## Sila Grow Net Replacement Film

- Co-extruded blown film special designed for covering edge to edge.
- High tightening force film can be stretched tighter around the bale resulting in more compact, high density bales
- Superior oxygen barrier
- No fodder can become enmeshed in the net enabling it to peel cleanly away from the bale
- 100% recyclable

### Size&Packaging:

- 1280mm2000m16um 20R/Skid
- 1380mm1650m20um 20R/Skid
